Preamble to Bill of Quantities

1. The Bill of Quantities are only indicative and the employer does not take any responsibility on their accuracy. The Bill of Quantities shall be read in conjunction with the Instructions to Bidders, General and Particular Conditions of Contract, Technical Specifications, and Drawings.
2. The quantities given in the Bill of Quantities are estimated and provisional, and are given to provide a common basis for bidding. The basis of payment will be the actual quantities of work ordered and carried out, as measured and verified by the Engineer and valued at the rates and prices bid in the priced Bill of Quantities, where applicable, and otherwise at such rates and prices as the Engineer may fix within the terms of the Contract.
3. The rates and prices bid in the priced Bill of Quantities shall, except as otherwise provided under the Contract, include all required construction equipment, labor, supervision, materials, erection, maintenance, insurance, profit, taxes, and duties, together with all general risks, liabilities, and obligations set out or implied in the Contract.
4. A rate or price shall be entered against each item in the priced Bill of Quantities. The cost of Items against which the Contractor has failed to enter a rate or price shall be deemed to be covered by other rates and prices entered in the Bill of Quantities.
5. The whole cost of complying with the provisions of the Contract shall be included in the Items provided in the priced Bill of Quantities, and where no Items are provided, the cost shall be deemed to be distributed among the rates and prices entered for the related Items of Work.
6. General directions and descriptions of work and materials are not necessarily repeated nor summarized in the Bill of Quantities. References to the relevant sections of the Contract documentation shall be made before entering prices against each item in the priced Bill of Quantities.
7. Provisional Sums included and so designated in the Bill of Quantities shall be expended in whole or in part at the direction and discretion of the Engineer in accordance with the Conditions of Contract. It will be used by the Engineer for nominated sub-contractors, line agencies, third party inspecting agencies, charges levied by statutory electrical, telephone, or other authorities, or for other miscellaneous works. The use of provisional sum will also be for relocation of utilities above or under the ground that conflict with the existing or permanent line or level or the works; Independent sampling and laboratory testing, as directed by the Engineer; Replacement or compensation for plants and trees removed due to the works; Permanent reinstatement of asphalt roads etc. as directed by the Engineer.
8. The method of measurement of completed work for payment shall be in accordance with the relevant codes of practice.
9. Rock is defined as all materials that, in the opinion of the Engineer, require blasting, or the use of metal wedges and sledgehammers, or the use of compressed air drilling for their removal etc.
10. The Bill of Quantities for the Works is to be read for the purpose of pricing, in conjunction with all other sections of the bid document. The prices quoted for various items in the Bill of Quantities shall be the all inclusive values of works described therein, including all costs, taxes, expenses and royalties, lift and lead charges which may be required in and for the execution of Works and remedying of any defects, together with all risks, liabilities and obligations set forth or implied in this bid document. The unit prices quoted shall apply only to the quantities actually executed.

-
11. Cost of temporary works like Construction and maintenance of road diversions including traffic control; Construction and maintenance of temporary dewatering and drainage arrangements, establishment and maintenance of contractor's office, store, establishment and maintenance of workshops, plant and equipment, including Project sign boards etc will be part of work and shall not be paid extra.
 12. Bill of quantities also includes an item to cover possible extra / excess items. Lumpsum provision of such items is included in BOQ. Bidder will quote bid premium on CPWD SCHEDULE of rates of 2007 for "extra/excess items". Same premium will be applicable for all variations without any limit. Any extra or excess items eligible for new rates which are available in CPWD schedule will be paid at the allotted premium.
